The purpose of the Audit Committee (the “Committee”) is to assist the Board of Directors in fulfilling its duty to oversee the Company’s accounting, financial reporting and internal control functions and the audit of the Company’s financial statements. The Committee’s primary duties and responsibilities are to:

- Monitor the integrity of the Company’s financial reporting process and systems of internal controls regarding finance, accounting, and legal compliance, including the oversight and responsibility for implementation of the Company’s program for complying with the requirements of the Sarbanes-Oxley Act of 2002 (in conjunction with the Corporate Governance Committee, where necessary or appropriate).
- Monitor the independence and performance of the Company’s independent auditors and internal auditing department.
- Provide an avenue of communication among the independent auditors, management, the internal auditing department, and the Board of Directors.

To fulfill these obligations, the Committee relies on: management for the preparation and accuracy of the Company’s financial statements; both management and the Company’s internal auditing department for establishing effective internal controls and procedures to ensure the Company’s compliance with accounting standards, financial reporting procedures and applicable laws and regulations; and the Company’s independent auditors for an unbiased, diligent audit or review, as applicable, of the Company’s financial statements and the effectiveness of the Company’s internal controls. The members of the Committee are not employees of the Company and are not responsible for conducting the audit or performing other accounting procedures.

The Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities, and it has direct access to the independent auditors as well as anyone in the organization. The Committee also has the authority to request the Board of Directors to retain, at the Company’s expense, special legal, accounting, or other consultants or experts it deems necessary in the performance of the Committee’s duties. The Committee shall receive appropriate funding from the Company, as determined by the Committee in its capacity as a committee for the Board, for the payment of compensation to the Company’s independent auditors, any other accounting firm engaged to perform services for the Company, or any other special legal, accounting, or other consultants or experts it deems necessary in the performance of the Committee’s duties.
